

# POWER SAFE

**POWERSAFE** is an all-in-one power pod designed with a range of uses from providing site setups a secure, silent power source to full factory stand by generator power.

**POWERSAFE** includes features such as a fully integrated mains failure switch-over panel, a long range bunded fuel tank, a range of protected power out-puts, 7-day programmable timer and internal 12v lighting

**POWERSAFE** has an integrated bunded fuel tank with an average running time of 500-hours that offers features such as; a containment tray in the event of the oil/fuel spillage preventing contamination to it's environment, a low fuel indicator and shut down, preventing the need to bleed the generator by simply topping up the fuel level and re-starting.

The power out-put sockets range from 110v, 240v, 415v, fully protected with mains breakers, allowing the user to simply plug or unplug the unit.

**POWERSAFE** has a high security double door that allows safe storage for the generator with a 10-point secure personnel door, to allow restricted access into the **POWERSAFE**.

**POWERSAFE** also has a 7-day multi-programmable timer allowing the operator to preset specified days and times to allow or prevent key time of operation.

## FEATURES

- Mains Failure
- Bunded Fuel Tank
- 100v, 240v, 415v Outputs
- Programmable Timer
- Internal 12v Lighting

When used as a stand by power source, the **POWERSAFE** detects a mains failure instantly providing mains power to its connection, eliminating costly down time in loss of operation, fitted with an intelligent low battery voltage, auto start therefore always ensuring 365-day operation.

Various KVA options are available on request

Double Doors

Fuel Tank

Personnel Door

Multi Sockets

Internal 12v Lighting

# BUY 'ON-LINE' PAGE

## Buy 'On-Line' Page

Buying 'used plant' equipment used to mean going to auctions in all weathers, sitting patiently for hours waiting for your Lot to come under the hammer, only to find that everyone else in the crowd are bidding on the same piece, hence paying out far more than the equipment is worth!

Well those days are over thanks to **Garic Ltd** who are proud to announce that we have launched a new **Buy 'On-Line' Page** for used plant needs. No auction necessary - the sale and delivery can be arranged from the warmth and comfort of your own home or office.

So why not have a go at taking the **Right** steps to purchase the **Right** equipment at the **Right Price**!
